Dear Mr. Suchomel,

Please see enclosed jump drive which contains 22 permit applications to convert existing oil wells into injection wells under the existing Area Permit #UT20736-00000. This route of submittal was discussed with you via phone call on Monday morning, July 27<sup>th</sup>, 2015. Also discussed during that phone conversation was the submittal of Financial Responsibility, and how Petroglyph will add a rider to the existing bond prior to final permit approval.

To help organize the 22 permits, they have been divided into two Tiers, which are separated by folders on the jump drive:

Tier 1 Wells:

Ute Tribal 04-04, Ute Tribal 08-12, Ute Tribal 09-01, Ute Tribal 20-06, Ute Tribal 20-07, Ute Tribal 20-11, Ute Tribal 20-15, Ute Tribal 31-03, Ute Tribal 31-04, Ute Tribal 31-05, Ute Tribal 31-07, Ute Tribal 31-12, and Ute Tribal 36-08-E4.

Tier 2 Wells:

Each PDF represents an individual well, and all of the attachments are bookmarked to help aid in browsing through the document.

Please do not hesitate to contact me with any issues or questions that may arise with these applications.

Sincerely,
